Line Up

The brightest and fastest stars are ready to shine in Greyhound racing's premier event, The Greyhound Night of Stars XXII on Friday evening, July 3rd, 2009 at racetracks and simulcast locations across the USA. Several races will be featured from different racetracks in this simulcast presentation. This annual event has become a greyhound lovers and handicappers delight!

The national simulcast, set to begin at 6:50 PM Eastern time, will offer a multitude of wagers; including the popular rolling Pick-3, a Pick-Six wager, and our new dual Twin-Trifectas where the first pool will carry to the second if no one correctly selects the first Twin-Tri. All wagers will have mandatory payouts. Wagering into large national pari-mutuel pools promises added excitement and payouts. Once again proceeds will benefit greyhound pet adoption programs and the American Greyhound Council.

Line Up and Distances are Subject to Change
